This Week

This week during our whole group lesson, we will be creating hoop gliders and paper airplanes! We will start by discussing out vocabulary words and what is means stop glide. We will then create two types of paper airplanes, and a hoop glider made from strips of paper, tape and popsicle sticks and then test if our creations fly.

In Miss Jessica's class we will be reading the book Float by Daniel Miyares. Students will discuss vocabulary words and make a paper hat. Students will also continue observing objects that sink and float.
