# Miss Demi's News

Emily Meschter Early Learning Center

Nov 26-30

## This Week

This week during our whole group we will be brainstorming ideas of inventions we can make and use in our classroom. We will be using a variety of materials to create our inventions. In small groups we will be working with toothpicks and playdough to create structures.

In Miss Jessica's class we will be discussing what architects do and what we can create with pieces of wood. In small groups children will create a bug out of playdough and a hose for the bug using popsicle sticks.

## Upcoming...

Thank to all who helped with the Hot Coco Party!

Some donations we need are: Fake snow, dry erase markers, green popsicle sticks, dice, toothpicks and paper plates.

Caring Parents meeting Dec 4th  
3:30 in Room 5

Christmas Break Dec 24th-Jan 4th

## Vocabulary

- Invention
- Brainstorm
- Create
- Engineer
- Architect
- Dreams
  - Pest
  - Plan

### Parent Tip:

Don't delay discipline. If you choose to discipline your child do it right when the action you dislike happened. If you wait your child may not remember why they are being disciplined.
