Parenting tip-Assign a chore. Putting your preschooler in charge of a regular, simple task will build her confidence and sense of competency. A child who is assigned to water the plants or empty the clothes dryer is likely to believe she can also get dressed herself or pour her own cereal. Just be sure the chore you assign is manageable and that it's real work, not busywork, since even preschoolers know the difference. The goal is to make your child feel like a capable, contributing member of the family.
